

# IVE HONOR DEGREES CONFERRED TODAY BY BADGER UNIVERSITY

former Wisconsin Graduates  
Honored at Commence-  
ment Exercises

MADISON, Wis.—Five honorary  
degrees were conferred by the Uni-  
versity of Wisconsin at its annual  
commencement exercises on Wednes-  
day, June 22.

The honorary degree of doctor of  
letters was conferred upon Prof. Fred-  
erick J. Turner, '84, of Harvard uni-  
versity. The honorary doctor of  
science was conferred upon Prof. Wil-  
liam B. Castle, Harvard zoologist, and  
Commander Clyde S. McDowell, U.S.N.,  
the United States navy. The hono-  
rary master of arts was conferred  
upon Gerhard H. Dahl, '04, of New  
York, and upon William Schaus of the  
United States National Museum,  
Washington.

Prof. Frederick Jackson Turner,  
as graduated from the University of  
Wisconsin in 1884 and was for many  
years professor of history in the uni-  
versity. Since 1910 he has been pro-  
fessor of history at Harvard.

Prof. William B. Castle, who re-  
ceived the honorary Sc. D. was in-  
structor in biology at Wisconsin,  
1895-6, professor at Harvard since  
1908, and director of its biology in-  
stitute of applied science. His chief  
work has been in the field of genetics  
and heredity.

Commander Clyde Stanley McDo-  
wlel of the navy, who received the  
honorary Sc. D., was commander of  
the naval experiment station at New  
London, and in that position devel-  
oped a research institution in which  
naval officers and civilian men of  
science worked together to find means  
of combating the submarine peril. He  
was honored, because of his wide  
training in physical science combin-  
ed with a grasp of the spirit of science,  
and its possibilities of service.

Gerhard H. Dahl, who received the  
honorary M. A., was graduated by  
Wisconsin in 1896, was leader on  
campus, and later was a lawyer and  
financier. He rose from the rural  
area of Wisconsin to city practice in  
Cleveland, Ohio, and later to New  
York city.

William Schaus of the United  
States National Museum at Washing-  
ton, who received the honorary M. A.,  
was honored as a biologist whose chief  
work has been in the classification of  
insects, particularly butterflies. He is  
a master in the field and has discover-  
ed and described many new species.

# ARREST DOCTOR IN CONNECTION WITH KALAMAZOO SLAYING

KALAMAZOO, Mich.—Dr. Frank  
Collier, president of the village of  
Vicksburg for three years and a mem-  
ber of the Kalamazoo county board  
of health, has been arrested follow-  
ing the shooting to death in Vicks-  
burg Monday night of Robert B.  
Thompson of Kalamazoo.

The shooting followed an alterca-  
tion between Thompson and his  
father-in-law, J. Catherman, in the  
latter's home. Thompson was assist-  
ing a relative to remove the latter's  
nephews from the Catherman home  
following domestic trouble. Dr. Col-  
lier was called to the home to treat a  
member of the family who had faint-  
ed during the quarrel that ensued.  
The physician became involved in the  
controversy and is said to have been  
tricked by Thompson.

Fearing, it is said, a second attack,  
he physician drew a revolver and  
shot Thompson.

AN EDITORIAL  
ON ADVERTISING

Friend Wife was once disposed to  
criticize the advertiser who used tall  
pages and "double spreads" and col-  
ors.

She said it was "luxurious." Said  
the message could be as well told in  
black and white in small space. Said  
advertising could be made to pay up  
to a certain point and any expendi-  
ture beyond that point was unneces-  
sary and unprofitable. Said the pur-  
chaser of the goods had to stand the  
advertising "waste." Ergo—the big  
advertiser was exalting himself and  
satisfying his own conceit at the ex-  
pense of the ultimate consumer.

A month ago friend wife asked me:  
"What's become of Blank's So-and-  
So?" I couldn't find it in any of the  
stores today.

My answer: "Gone under. Good  
product. Not sufficiently advertised  
to carry through the slump. Sales  
fell off. Had to raise the price. No  
one would pay the increase."

She: "My goodness! I begin to  
see a light. It was a favorite of  
mine, and I lose it because it wasn't  
advertised enough."

Friend wife is now disposed to ap-  
prove big, dominating advertise-  
ments. She says: "The cost is in-  
surance for the advertiser and me."

Some time ago a dealer came to the  
manufacturer of one of his lines and  
said, "I must have a bigger discount."

The manufacturer answered: "If I  
give you more discount I shall have to  
raise the consumer's price. You do  
not buy enough to realize a profit as  
it is. Go back and advertise in  
your local newspapers to get more  
sales. If, when you reach a certain  
volume you feel the need of it, I will  
enlarge your discount."

The dealer began advertising and  
being a gentleman, soon wrote the  
manufacturer: "Your advice has en-  
abled me to double my sales. An ad-  
vertising plenty of profit on the line  
now."

The manufacturer, also a gentle-  
man, replied: "Your increased busi-  
ness and that of my other dealers  
make it possible for me to reduce the  
consumer's price and enlarge your dis-  
count."

There you have it!  
The manufacturer makes more. The  
dealer makes more. The article costs  
you and me less. Who pays for ad-  
vertising anyway?

In the words of the old minister:  
"The manufacturer makes more. The  
dealer makes more. The article costs  
you and me less. Who pays for ad-  
vertising anyway?"

More than that a great big part of  
the world's information regarding the  
out-of-the-ordinary is obtained from  
advertising.

Not only are we educated in arts  
and the powerful use of simple words,  
day, everyone of us is affected by it.  
It touches on every phase of our  
industrial processes, and systems, and  
the way the other fellow lives, and  
the tastes of the wealthy, and unusual  
bits of history. And we learn how to  
economize by learning how to spend  
with judgment.

All in all, advertising teaches us  
how to make better use of our lives.

## CITIZENS ARE GIVEN CHANCE TO TRAIN IN MILITARY CAMP

Kiwanis Club Hears Address by General Helmick of Camp Grant on Tuesday

General Helmick of Camp Grant, told the Kiwanis club Tuesday of the citizens' military training camps of which the Sixth Corps area is located at Camp Grant. This area comprises Illinois, Michigan and Wisconsin. The purpose of this, and similar camps is to promote good citizenship and an interest in national defense. The war department plans to bring together young men of all occupations on a basis of equality under the most favorable conditions of outdoor life. The camps are open to all men between the ages of sixteen and thirty-five years, who are of sound character, intelligence and physical condition. No educational qualifications are prescribed, but each candidate must file a certificate of good character, signed by school master, clergyman, priest or rabbi, together with medical testimony from a qualified physician as to hearing, eyesight, heart action and a general physical condition adequately fitted for the course of training.

## LANDIS REPLIES TO CRITICS IN SPEECH AT BROOKLYN CLUB

NEW YORK.—Federal Judge Landis of Chicago, arrived here Tuesday to attend the raising of the Brooklyn championship pennant at Bobbet's field, replied to his critics in an address delivered at a luncheon of the King's county judiciary at the Brooklyn club.

"If after seven years I step down as high commissioner of baseball and leave the game as clean as it is today I will feel proud of my record," he said. "I will feel that it offers ample refutation of the charge that it is undignified for a member of a judiciary actively to be associated with professional baseball."

"Honesty in baseball is necessary for its continuance as the great American game, and it must be kept at all hazards."

An idea of the enormous population of the Chinese nation is given by a recent writer who asserts that if, in a war, an enemy started killing Chinese soldiers at the rate of 1,000,000 a year, and if China were using 10 per cent. of her population in that way, it would take fifty years to destroy her first armies, and in that two further Chinese forces of 50,000,000 each would grow up to face the enemy.

# Gasoline and Roast Beef

THE National Automobile Chamber of Commerce announces that six million cattle, hogs, and sheep were shipped by motor truck, from farms and feed lots to stockyards, during 1920; most of them were moved in the territory served by the Standard Oil Company (Indiana).

Before the advent of the motor truck, the farmer drove his cattle to the loading station, and hauled his hogs in the small, slow-moving, horse-drawn wagons. This practice called for a great expenditure of time and labor, and caused the animals to arrive in an overheated condition, which meant a heavy shrinkage and a consequent lower market value. Today much of this loss is eliminated by the quicker, more efficient method of transportation. Middle West farmers have come to look upon the motor truck as a dependable, economical aid in the prompt and profitable marketing of their live stock.

By reason of its comprehensive system for distributing gasoline and other petroleum products, the Standard Oil Company (Indiana) has been a potent factor in stabilizing the use of the motor truck on the farms throughout the Middle West.

Whether the farmer lives on a main traveled highway, or on a remote cross road, he depends upon the dark green tank wagon of the Standard Oil Company (Indiana) to supply his needs.

The dependability of Standard Oil Company (Indiana) service is recognized by the farmers of the Middle West—the most important food-producing area in the world.

In supplying the petroleum needs of the farmer, the Standard Oil Company (Indiana) is rendering a service of signal importance to every inhabitant of the territory served. A dependable supply of gasoline means a dependable supply of food.

Such service is possible only because the Board of Directors of the Standard Oil Company appreciate their responsibility to the public, and because 25,000 men and women who make up this organization realize the weight of this responsibility and the importance of their individual tasks.

While the equipment of the Standard Oil Company (Indiana) is vast and complete, it is the spirit of the personnel which makes for efficiency. The mere physical equipment would be impotent in the hands of the passive or inexperienced.

## AT THE RIVOLI

Every reader of current literature will recall the sensation caused by the publication several years ago of Winston Churchill's powerful novel, "The Inside of the Cup." The story attacked the alleged hypocrisy of certain clergymen and men of wealth identified with churches as vestrymen. The philosophy of the book was criticized by church men in this country and in England as an unwarranted attack upon religion and the cloth.

The picture rights having been obtained by Cosmopolitan at great expense, the story was pictorialized by Albert Capellani, a famous director and the film version will be shown at the Rivoli Thursday to Saturday. The essential features of the story, which is one of great dramatic force, have been retained while the anti-hypocrisy philosophy of the author necessarily has been subordinated to the general theme.

The story deals with the Rector of a fashionable church who turns upon his wealthy parishioners when he discovers them parading under a mask of hypocrisy and invites the common people to attend his church. Kidnapped, a vestryman, unscrupulous and tyrannical, alienates his son and daughter and is finally killed by a man whom he has ruined. There is a pretty love romance between the Rector and Parr's daughter which ends happily. The leading roles are played by William P. Carleton and Edith Hallor.

Roscoe ("Fatty") Arbuckle plays three roles in his new Paramount starring vehicle, "Brewster's Millions." These are, Monte Brewster at the age of two; Monte Brewster at the age of five; and Monte Brewster at the age of twenty-five. You say it can't be done? Well, Walter Woods, the scenario writer who adapted the picture screen, wrote the script that way, and director Joseph Henabery is one of those kind who never gives up. Mr. Henabery did the stunt all right. See it in the picture at the Rivoli Theater tonight. Betty Ross Clark is the leading woman.

## "TROOPER 44"—AT RIVIERA

"Trooper 44" the film that depicts the thrilling life of the Pennsylvania State Police, and which stars George Soule Spencer and June Daye, is the feature picture at the Riviera today and Thursday. The story is that of a corporal in love with a mountain girl, the daughter of a notorious gangster, who runs down a desperate band of thugs and robbers and eventually wins the heart and hand of the girl, although the trail to the lair of the desperadoes leads to the home of the girl and for a time it seems as though she would be involved in the crime committed. A comedy, "He Who Laughs Last" also is on the program.

## "BROADWAY COWBOY"—STRAND

What is claimed by those who have seen it as the best vehicle popular William Desmond ever had, is "A Broadway Cowboy," at the Strand today and Thursday. It's a drama of the East and West shot full of interest.

# Here is a Statement of Facts and a Prediction

"The Inside of the Cup" is sweeping the country.

It is the greatest photo drama of moral regeneration ever made.

It is the greatest sermon ever preached through the medium of the screen.

It is doing more for the moral elevation of the screen than any other production ever made.

"The Inside of the Cup" will live longer on the screen than any photo drama ever made.

"The Inside of the Cup" will sweep the whole world and leave behind it a higher, better standard for photo dramas.

For those who believe in "blue laws"—and for those who do not—"The Inside of the Cup" has a message of the folly and wrong of hypocrisy. It is a powerful argument for liberalism and self-respecting freedom, a convincing sermon in a forceful, dramatic story.

# MARIE SALMONE TO BE MARRIED THURSDAY TO GEORGE SEROOGY

THE WEDDING of Miss Marie Salmone of this city and Mr. George Seroogy of Chicago will take place on Thursday morning at 10 o'clock at Our Lady of Lourdes church. Rev. Dr. Philipp Salmone, brother of the bride, will officiate at the ceremony, and Rev. Amiel of St. George's, Milwaukee, is also expected to assist in the rites. A reception will be held at 6 o'clock Thursday evening at the Salmone home, 1001 Calhoun street. Guests are expected for the wedding from Chicago, Oconomowoc, Green Bay, Deora and many other cities where Father Salmone is well known as pastor of the Syrian congregations. Mr. and Mrs. Seroogy will make their home in La Crosse. It is announced.

ZITA MARRIAGE, daughter of Mr. and Mrs. H. F. Knoche, 914 Pine street, and Mr. Eugene Schwabach were united in the bonds of matrimony Wednesday morning at St. Joseph's cathedral. Rev. Peter Pappead the marriage. Banns at eight o'clock of nuptial high mass. Prof. Charles Weiss presided at the organ and Mrs. Chen Knoche gave a violin solo. The bride was attended by Miss Felicitas Knoche, sister of the bride, and Mr. Cyril, latter of Milwaukee, cousin of the bridegroom was the best man.

The bride's gown was of net over white silk, with which she wore a veil arranged with swanston. She carried a shower of Columbia roses. Miss Knoche wore Canton crepe of robin's egg blue, and a hat of silver. Her bouquet was the same as the bride's.

Following the ceremony a wedding breakfast was served at the home of the bride's parents, when immediate members of the family were present. The table was featured by pink roses. Mr. and Mrs. Schwabach left on an evening train for a honeymoon tour of Chicago, Milwaukee and Lake Michigan. The bride wore on her wedding journey a suit of midnight blue tulle, a blouse of blue georgette crepe and a hat of tan velvet. A pretty feature of the bride's bridal costume, was a lace handkerchief, which she carried, and which her mother had also carried on her wedding day thirty-four years ago.

The out of town guests were Mrs. Gottlieb Pfaffen, sister of the bride, and Mrs. P. L. McKenney of Rock Island, Ill.

THE MISSSES BORCHARD and Helen Verker were delightful hostesses Monday night at their home, 1422 Winnebago street, in compliment to Miss Gertrude Ingham and Mr. Frederick Soule, who are to be married Saturday. A pleasing feature of the evening was solos by Mrs. P. L. Pruess and Mr. Soule and readings by Dr. John Otten. The guests numbered twenty and dainty refreshments were served. Several pieces of trifles and glassware were presented to the bride.

MRS. GEORGE R. REAY was a charming hostess on Wednesday afternoon at her home, 1301 State street, to a party of ladies in honor of Miss Gertrude Ingham. Food lilies featured the decorations, with quantities of ferns, which formed an unusually pretty and pleasing effect. The lilies were arranged on the dining table in such a manner as to suggest a miniature pond, and at the place of the bride-elect was a corsage bouquet of daisies tied with pale green. Nasturtiums were used in the living room. Cards were distributed and each guest wrote her favorite recipe for the coming bride. Seventeen guests were entertained at three tables. A shower of kitchen utensils was given to Miss Ingham, which included gifts from a broom to a "baby grand" (a wash board).

HAROLD EBERDT of Watrous spent the week-end with friends in the city.

EMIL SENATOR of Lincoln, Ill., and Raymond Nussloch of Lewiston, Minn., who came to attend the Seroogy-Salmone nuptials of Tuesday, have returned to their homes.

MRS. W. M. COSTLEY, 602 South Fourth street, was hostess to a party of eight Tuesday evening in compliment to Miss Ruth Goggin, a bride of Thursday. Brandy cards marked the close, that of the bride-elect being indicated by a pretty corsage bouquet. A shower of miscellaneous articles was presented to Miss Goggin.

MRS. DAVID L. ROSS and daughter of Janesville of Lincoln, Vt., are visiting at the home of Mrs. Ross' mother, Mrs. J. S. Thompson, 820 Cameron avenue.

MISS VOLBERT SENSTAD of Madison, who has been visiting Miss Anna White, 1346 George street, has returned to Minneapolis.

MISS LONA SMITH of Richland Center arrived Wednesday and is the guest of Miss Gertrude Ingham. Miss Smith is to be the maid of honor at the marriage of Miss Ingham to Frederick Soule, which takes place Saturday night at the First Methodist church.

MRS. HERBERT GRANT, nee Miss Jessie Hildebrand, left Wednesday for Milwaukee, where she will join her husband and her brother-in-law, who left here Saturday. From Milwaukee the party will motor to Philadelphia.

MRS. R. O. HEDGE was pleasantly surprised at her home, 713 Perry street, in honor of her birthday. The afternoon was enjoyably spent and at half past five a delicious lunch was served. The guests were Mesdames,

While Miss Gertrude Ingham has been fairly deluged with prenuptial affairs, and parties have also been given for both the bride and bridegroom to be, there has been little done in compliment to Mr. Soule by the men. A gay crowd of men got busy and the result was a stag party, which made up for past omissions. With twenty-six men in the group, the party motored to Stephan's Inn on the Merton Coale road Tuesday night, where a sumptuous chicken dinner with all the accompanying "fixins" was served. Happy speeches were made and a jolly good time was enjoyed. A ten dollar gold piece was presented to the guest of honor, following the meal the guests drove to Pettibone park, where the merriment was continued, punctuated with all sorts of splendid advice to be carried out during the years to come, with congratulations in reference to the fortunate man in winning so charming a young woman to be his bride. In the party were Drs. E. C. Dixon, John Otten, Harry Marshall, Rev. A. V. Ingham and Messrs. A. C. Rangesberg, J. G. Polton, A. L. Myers, Bert Brown, J. O. ## ASSEMBLY REVERSES ITS VOTE ON HIRST AUTO TAX MEASURE

Privilege Tax Bill is Engrossed in Lower House by Vote of 56 to 33

## MAJORITY OF 14 AMENDMENTS OFFERED ARE VOTED DOWN

Stipulate no Salaries on Road Commission Shall be Raised

MADISON, Wis.—The Hirst highway tax bill expected to raise \$4,000,000 annually from a two percent tax on the valuation of all automobiles in the state, was reversed in the assembly Wednesday, 53 to 33, and then after a stormy session was engrossed, 56 to 33.

Reconsideration has been moved, but it now seems certain that the measure will go through to the legislature. Completion of the Hirst proposal completes the adoption of the entire finance committee program which the committee claims will make additional taxes for the coming two years unnecessary.

Fourteen amendments were offered on the floor, practically all of them going down to defeat. One amendment offered by Assemblyman Cameron stipulating that a salary of \$10,000 a year be paid to the members of the highway commission was adopted, 18 to 37, when the measure passed.

Many of the forces opposing passage of the measure withdrew their objections during the past two days and have been asking its acceptance. They claim that rather than raise the cost of taxes, it will materially reduce the general property tax by placing the cost of highways on automobile owners.

The fight on the floor today was between friends of the surtax, for the most part, and its opponents. Assemblyman Dahl, author of the income surtax proposals, fought the Hirst bill vigorously, on the ground that it was placing an unjust burden on the owner of the small automobile, and withdrawing taxable property from the tax rolls.

Those behind the bill showed that the proposal was in effect a bill to remove the personal property of owners and that it was a measure to lower taxes. Means are provided for meeting the federal aid of \$1,700,000 for this year and two million and five hundred thousand dollars which will be needed next year. State and county highway taxes are abolished, the entire cost of constructing and maintaining roads placed on the automobile.

## BRITISH BOYCOTT PLAN REJECTED BY LABOR FEDERATION

Resolution of Sympathy for the Cause of Ireland Adopted by Denver Convention

DENVER, Col.—After a stormy debate the American Federation of Labor convention Wednesday disposed of the Irish question by adopting a resolution—triumph of its most drastic boycott provisions—expressing sympathy for the Irish cause.

Irish sympathizers supporting a resolution calling for a boycott against British goods were overwhelmingly defeated in an attempt to have the convention overthrow a ruling made by President Gompers, which prevented consideration of their proposal.

The appeal of the boycott supporters from the ruling of President Gompers provoked one of the stormiest sessions in the history of the federation. Cheers and jeers were mingled as the boycotters took the floor and attacked Mr. Gompers, who had ruled on their motion to have the boycott resolution added to the resolution expressing sympathy for the Irish cause.

The action of the convention constituted the defeat of the supporters of the boycott declaration which they claimed had been drafted by "high officials of the Irish republic." The convention unanimously adopted a resolution urging modification of the Volstead act to permit manufacture and sale of beer. Officers and executive committee were instructed to work for a change in the law and if this should not be successful, all unions be called on to petition congress.

**Britishers After French Brides**  
The unmarried women of England are viewing with alarm the outpouring of men who at the present time are going to France to elude war-time sweethearts. Most of these men are intending to remain in France and the girls left at home say that it is the "dot," which goes with the French bride, that is attracting these men. It is a fact that many of them are men who have been unable to get work in England, and there is a possibility that they are endeavoring to find a home. At the same time there are many, such as officers, who are returning because of growing love matches started during the war.

**Brazilians May Be Leaders**  
Brazil, which is almost wholly in the tropics, has the opportunity to upset the belief that no people can reach the very highest civilization in a tropical climate. The census, just completed, credits Brazil with 20,500,000 people, which makes it the second American country in point of population. Some modern men of science maintain that when man was first forced to utilize the heat of the sun as mechanical energy the races will become centers of civilization and therefore of civilization. It should be true, what country could match Brazil with its great resources of minerals, timber and land, and its great navigable rivers?

## SALVATION ARMY SECRETARY WILL SPEAK THURSDAY

Interesting Illustrated Lecture to be Given Here by Captain George Wilson

The good work of the Salvation Army throughout the United States increases from day to day and possibly no organization is deserving of more encouragement and help.

Captain George Wilson, special efforts secretary of the Salvation Army home service program of Wisconsin,

CAPTAIN GEORGE WILSON

will be in the city three days for the purpose of visiting members of the Salvation Army advisory board of La Crosse county, but the primary object is that of giving an illustrated lecture with action pictures on Thursday night at 8:30 o'clock in the Chamber of Commerce auditorium.

Two reels of pictures and 75 slides will show the work of the army at home and abroad, including clinics of its state institutions, boys' and girls' homes, rescue home and maternity hospitals and young women's boarding houses.

In the United States there are hundreds and thousands of officers and members of the Salvation Army. There are 2,419 officers and 581 chaplains. There are 2,419 officers and 581 chaplains. There are 2,419 officers and 581 chaplains. There are 2,419 officers and 581 chaplains.

The Salvation Army has a board of advisers or co-operating auxiliary in every county and state in the union. From 12 to 15 leading citizens of a community are selected to act on this board which assists the army in its social service work by obtaining information on any case which comes to their attention of juvenile delinquency, poverty, missing friends and relatives, illegitimacy, unemployment, amputation, etc. These boards also assist in acquiring new buildings and equipment.

No charge of admission, no collection.

## SELMA McHENRY IS RESCUED IN BLACK RIVER ON SUNDAY

Fell Into Step-off in Black River Near Shore Line of Copeland Park

Selma McHenry, 16 years old, living in the 300 block in Liberty street, was rescued from drowning in Black river, off Copeland park Sunday night by Fred Smith, 15 years old, 813 Wall street, and his chum, Edwin Markie, 16 years old, 818 Wall street.

The girl, unable to swim, stepped into a hole or off the step-off that runs along the park beach about a 100 feet from the shore line. She had gone down a second time when she was noticed by persons standing on shore watching the bathers. Their cries attracted the attention of Fred Smith, who also was bathing, and he instantly plunged to the girl's rescue. As soon as he got close to her, Selma seized him around the neck and the boy was unable to break her hold. Both were going down when Fred's chum, Edwin Markie, also went to the rescue.

Markie aided in releasing the girl's grip on Fred Smith and then both boys brought the girl to shore. Mrs. McHenry, the girl's mother, was on the beach at the time and watched the rescue of her daughter.

## NO CHANGE FOR A NEW RENT LAW AT PRESENT SESSION

Attempt to Make Law General Over State Defeated in the Senate

MADISON, Wis.—A new rent regulation law to replace the stalling, established the Milwaukee rent bureau declared unconstitutional by the supreme court Tuesday, is unlikely at this session.

Attempt to introduce a bill making application of the law general over the state was defeated in the senate, while a bill in the assembly has gone to revision with little chance of being reported out in time for action.

Senator Czerwinski made the move to bring in a new measure in the senate, but lost out when objection was raised by Senator Bank of Racine, and Senator Lange of Eau Claire. Assemblyman Higgins introduced a similar measure in the assembly.

## NO PROSECUTION FOR ACCIDENTAL DEATH OF SISTER

District Attorney Reid Tells of Decision in Letter to Chief Webber

There will be no prosecution as a result of the death of Sister Celestina a few hours after struck by a car driven by W. C. Paulin at Fourth and State streets, according to announcement made by District Attorney Reid. Mr. Reid, after interviewing witnesses to the accident, mailed the following letter to Chief of Police J. B. Webber:

"In regard to the death of the woman who was hit by an automobile on Fourth and State streets last Saturday morning, I beg to advise you that after talking to the four witnesses, whose names were given me by your department, I am clearly of the opinion that no criminal proceedings should be commenced. If there are any other witnesses that you know of, I would be very glad to have a talk with them.

(Signed) "LEON T. REID."

## FINE CONCERT IS GIVEN BY CHORAL CHOIR OF CHURCH

Pleasing Program at First Presbyterian Church on Tuesday Evening

The Choral Choir of the First Presbyterian church gave an excellent program on Tuesday evening. The choir under the direction of Miss Stella Trane, is doing very artistic work each public performance showing marked progress both on the part of the organization as a whole and among the individual members. The first part of the program was given to the "Crowning of the Gypsy Queen" music. In the dim twilight with the glow of a camp fire shining up into their faces the effect both musically and visually was charming.

Miss Ruth Coplin, who took the part of the Gypsy Queen sang most sweetly and with more personality in her music than the writer has ever observed before. Since this was Miss Coplin's last appearance with the choir, she is to be married this week, the choir members chose this occasion to present her with several pieces of silver. The moment of her coronation was marked by the singing of a lovely duet called "The Flower Power" by Miss Dorothy Woods and Miss Leah Press.

The second part of the program was a pretty piece of pantomime with a musical setting. In a garden all green against the white flowers six may flowers sprang up at the touch of a butterfly that fluttered about among them. A little breeze (Dorothy Hinder) ran putting realistically about the stage. The flower queen received the welcome of her subjects and sang to them a story called "Long Years Ago."

The little queen, Roberta Skandland, has a fine little voice and all the composite necessary to a good stage presence is safe to predict that she will be one of the future soloists of the choir. The butterfly was Harriet Hinder, the flowers little dark Schlicht, Dorothy Berger, Irene Jensen, Dorothy Johnson, Ruth Jensen and Evelyn Myrds. While the children were acting the little play in pantomime the choir concealed behind the screen sang the delightful choruses of the Darric cantata.

The entertainment was under the management of Miss Dorothy Woods, the composing, stage setting and training of the children was the work of the Misses Lois Woods, Helen Gadd and Dorothy Dow. The choir members are Helen Gadd, Dorothy Dow, Lois Woods, Elizabeth Ward, Edith Johnson, Maxine Larson, Vesta Ringwood, Agnes Jorke, Emma Ringwood, Anna Stieh, Hazel Trautman, Melinda Goodner, Leah Peace and Dorothy Woods.

## SENATE VOTES TO PERMIT WATERWAY SUIT OF MORGAN

Assembly Reconsiders Action Whereby it Refused to Authorize Suit

MADISON, Wis.—The senate Wednesday unanimously granted Attorney General William Morgan authority to start suit in the United States supreme court against the state of Illinois to enjoin them from obstructing the navigability of waters tributary to Lake Michigan.

Attorney General Morgan said that immediate steps would be taken to commence the action, which is of importance to lake ports. The assembly, on reconsideration of the vote by which it had rejected a resolution denying authority, placed the matter on the table.

**The Pencil Clock of Paris**  
There are many curious clocks in Paris, one of the most notable of which is that of a pencil manufacturer, who aimed, as the map on the clock shows, at conquering many markets. This clock keeps good time, despite its square face and the necessarily rectangular arrangement of the hands, which are formed by pencils arranged as Roman numerals. You can see this clock on one of the main boulevards, high above the heads of foot passengers. It has been constructed on a very big scale so as to be clearly visible from the street.

**WARD OF THANKS**  
We wish to express our heartfelt thanks to those assisting at the funeral of Carl H. Lee especially to Mrs. Lee, Mrs. M. Lee, the sisters, and the Rev. Mr. Lee, the pastor of the church.

## U. S. POLO TEAM WINS SECOND MATCH FROM THE BRITONS

With Victory International Polo Trophy Again Passes Into Hands of Americans

HUMLINGHAM POLO FIELD LONDON—By Associated Press.—American polo team regained possession of the international polo trophy, defeating Great Britain in the second match 10 to 6, and winning the series two matches to none.

The international match was for the first time in three years. The American team won the first game, played last Saturday, by the score of 11 to 4. By Wednesday's American victory, the trophy, which the British took home to England as a result of its victory at Meadowbrook in 1914, returns to the United States. The trophy is a cup which has been contested for since 1886. The match just concluded was the eighth international series, of which each nation has won four.

Louis Stoddard at No. 1, led the Americans in scoring four goals but he was closely pressed by Thomas Hitchcock, Jr. at No. 2 with three goals. J. W. Webb, No. 3, came next with two goals and the remaining tally was made by Devereaux Milburn, back and captain of the American team.

Honors were equally divided between Col. Thompson, No. 1, Major Barrett, No. 2, and Lord Wodehouse, number three of the British team, each scoring two of England's goals. A feature of today's match was the plucky return to the game of J. W. Webb, No. 3, on the American team, after an injury to his sick hand. Webb's finger was bandaged in the pavilion and he rejoined his team playing brilliantly and not long after scoring the fifth goal for the American team.

## LABOR CHIEF AT NEW JOB ON JULY 1

(Continued from page one)  
times, in which Mr. Knutson took a leading part was the organizing and running of the campaign that resulted in the purchase of Yeomen hall for a La Crosse labor temple. It required many weeks of persistent work on the part of Mr. Knutson, who had the idea of a labor temple crystallized, to get the workers of the city together in meetings to discuss the plan, obtain subscriptions to buy the building and finally to organize the La Crosse Labor Temple association.

The appointment of Mr. Knutson to the state industrial commission should meet with the approval of all classes of society, said Fred H. Bartwell, attorney for organized labor. "Both employers and workers have had sufficient experience in dealing with Mr. Knutson to bear me out in the statement that he is a conservative and honest in all his dealings. His activities have been more than state-wide and schooling in this particular line and square dealing in his work eminently fit him for his new duties."

"The governor has honored labor by appointing Mr. Knutson to the state industrial commission," said J. J. Verchola, president of the Trades and Labor Council. "In his selection of Mr. Knutson, the governor has made a very wise appointment on account of his knowledge of the industrial situation. I feel that Mr. Knutson will be a credit to the state and to the office he is to fill."

Other appointments to boards and commissions in state capital sent to the senate Wednesday morning by Governor Blair are:

John W. Salter, Engr. Marathon county, member state board of education, term five years. Takes the place of Charles L. Hill, Rosendale. Wm. Mauche, Fond du Lac, member of state board of conciliation for a three year term. Takes the place of A. J. Franz, Waukesha. A salary of \$5 per day and expenses is allowed in this position.

Dr. L. D. Steffen, Antigo, state board of health for term ending February 1928. Takes the place of Dr. Charles Sutherland, Janesville.

Al C. Anderson, Menomonie, Duane county, member state highway commission, term six years. Takes the place of John S. Owen, Eau Claire. Expenses are allowed in this position.

Mr. Salter, who goes on the state board of education attended the University in 1886. He is a farmer and for many years has operated a general store and lumber business at Unity, Marathon county. He was the first principal of Unity high school and has served on the board of education of that city for many years.

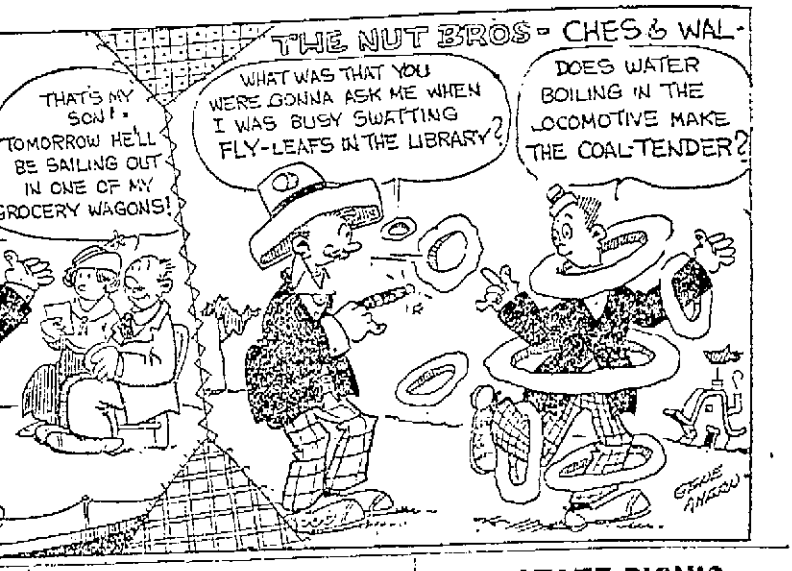

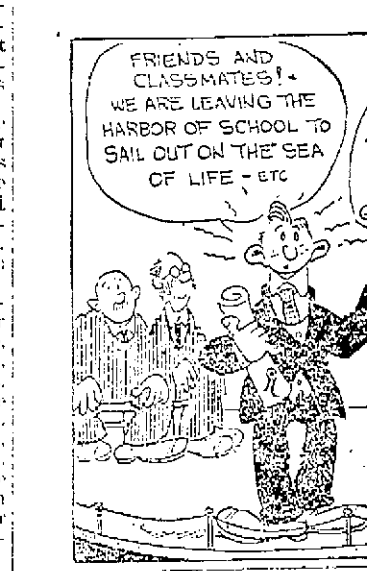

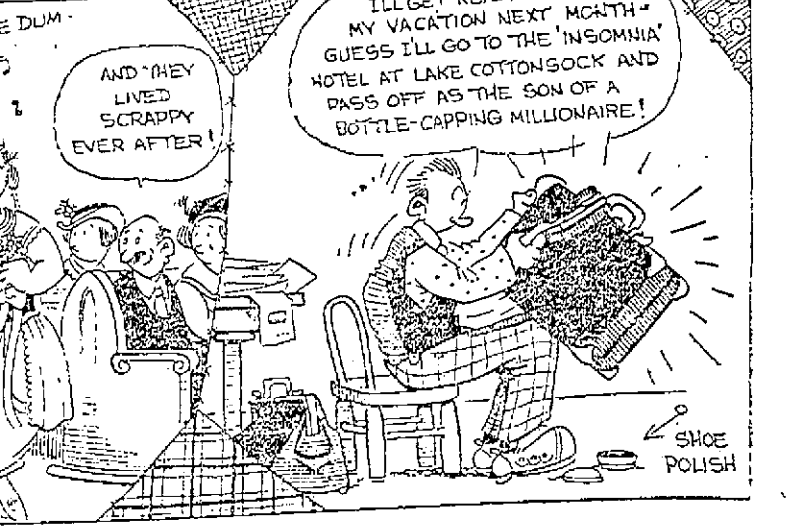

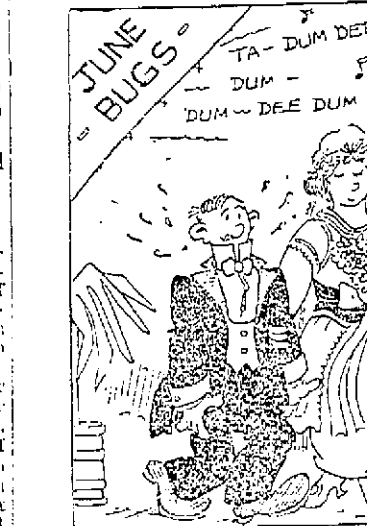

Mr. Mauche, Fond du Lac, who goes on the state board of conciliation, is a well known Fox River manufacturer and has manufacturing plants in both Fond du Lac and Oshkosh.

Dr. Steffen who has been named to the state board of health is a well known physician in northern Wisconsin. He served as mayor of Antigo in 1914.

Senator A. C. Anderson who has been named to the state highway commission has served in the senate since 1914, when he was elected to fill the unexpired term of late Geo. Scott, Perry Farmer. Mr. Anderson has been interested in highway legislation and was elected state senator in 1918 without opposition either in primary or state election. He is secretary and treasurer of Anderson Bros., Menomonie, wholesale and retail manufacturers and dealers in cigars and tobacco. He is a member of the joint finance committee.

**WOMAN IS NAMED CUSTOMS COLLECTOR**  
WASHINGTON.—President Harding's first nomination of a woman to the collector of customs was sent to the senate Wednesday when he named Jeanie P. No. 48 with headquarters at Salt Lake City.

# ADMIRAL SIMS CALLED TO WASHINGTON FOR THE THIRD SESSION ON THE CARPET

By H. B. HUNT

WASHINGTON.—Whether it will be three times and out for Admiral William Sowden Sims will be known shortly after Sims appears on the carpet before Secretary of the Navy, to explain his latest flight in the "Twenty-three-skidoo" the suspension of his command.

The admiral had two other sessions with the higher-ups have his clashes with the higher-ups have been interesting pyrotechnic displays. But they have been pyrotechnic and nothing more—except the official reprimand of President which Sims regarded only as a slap on the wrist.

Secretary Denby, however, is not upon a man who uses solid instead of fireworks. His reprimand of Sims' leave and his order that the admiral return at once and that he be in person to him is a sample of the direct methods he employs.

And that Denby—who once was a sailor—proposes to follow his own course in the Sims matter was indicated when, asked if he favored another congressional inquiry over the Sims case, he replied:

"No, this is my party."

The latest Sims reprimand is the result of an address made by him before the English-speaking Union, in New York, June 7, in which he is reported to have said:

"There are many in our country who are technically Americans, naturalized and born there, but none of them American at all. They are Americans when they want money, American when they want power, American when they want to be in the limelight. They are like negroes, like white horses with black stripes, like black horses with white stripes. We know them, but each of these types has a vote and as there are a lot of them, it is necessary to enter into their votes."

Sims always has prided himself on his ability to "speak out in school" and get away with it. The fact that he has "gotten away with it" in previous encounters, it is suggested, may have led to recklessness.

In the Guild Hall speech, delivered in London, Dec. 3, 1910, at a dinner at which Sims and his men of the U. S. Fleet were guests of the Lord Mayor of London, Sims said:

"If the time ever comes when the British empire is seriously menaced by an external enemy, it is my opinion that you may count upon every man, every dollar, every drop of blood of your kindred across the seas."

President Taft, in ordering an official reprimand for this statement, said:

"An important part of the education of a naval officer is instruction in international law and diplomatic usage. He is under special obligation to see to it that what he does or says shall not embarrass his government in its foreign relations."

"Whenever he is called upon in a foreign country to speak in public, it is his obvious duty to avoid invidious comparisons and to limit his expressions of friendship for the nation whose guest he is to language that will not indicate a lack of friendship toward other countries."

"It should be the business and training of a naval officer to restrain himself within the limits of diplomatic intercourse. To depart from it is not only a blunder, but a fault for which his government cannot excuse him."

Prior to his Guild Hall speech, however, Sims had an encounter with Secretary of Navy Denby, from which he emerged victorious, due to the championship of President Roosevelt.

Roosevelt, as assistant secretary of the navy, was always ready to hear the kicks of officers who thought they saw something the matter with the service.

In 1897 Sims, then a naval attaché in China, reported to Roosevelt that an naval target practice was a joke. Roosevelt started same inquiry, but the Spanish-American war came along and the navy demonstrated that in service, if not in practice, it could shoot passably well.

In November, 1901, Sims broke all naval precedent by going over the head of the naval secretary to appeal to President Roosevelt direct on a number of navy matters.

"I am aware of the irregularity of addressing you personally," he wrote, "but the danger of the false impression concerning the efficiency of the navy is so great that I hope I may be considered not overstepping the bounds of propriety."

"Cable that young man to come home at once," Roosevelt ordered. "Give him entire charge of target practice for 18 months. If he doesn't accomplish something within that time, cut off his head and try some one else."

Sims did bring American gunnery to a high standard.

In February, 1908, Secretary of the Navy Metcalf wrote a peremptory demand on Sims to explain how Henry Thompson had obtained material for a series of magazine articles attacking naval construction and practice.

It developed that Roosevelt as well as Sims had been in on the stories. Sims, receiving the demand from Metcalf, took it at once to Roosevelt.

"Apparently they intend to court-martial me," he said.

"Well, don't you deserve it?" asked Roosevelt. "Haven't you been indiscreet?"

"Yes," Sims answered, "just as indiscreet as you were on the famous occasion."

Roosevelt laughed heartily at his reference to his Spanish war "Round Robin." Then he sent for Metcalf and directed him to drop all court-martial proceedings. The articles, he suggested, would be a tonic that might help to cure the navy's system.

In 1909 Sims had brought about a storm of criticism from navy authorities when, stepping on board a

Why "Wear-Ever" utensils SAVE FUEL

All "Wear-Ever" utensils are made of hard, cold-rolled, EXTRA-THICK sheet aluminum which has been subjected again and again to the enormous pressure of gigantic rolling mills. This makes the metal hard, dense, rigid and durable.

Because of this EXTRA thickness, extreme hardness and great density, the metal used in "Wear-Ever" utensils retains more heat than ordinary aluminum. Hence, "Wear-Ever" utensils cook more quickly and still use LESS FUEL than wares that are made in the usual manner.

This special offer is good only until July 2, 1921—so get your pan at the special price TODAY.

## Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

## Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

## THREE BIG MONEY BILLS ON WAY TO GOVERNOR BLAINE

Two School Bills and Board of Control Bill Carry Appropriation of 21 Millions

FIRST BILL UP FOR ACTION IN THE ASSEMBLY WEDNESDAY

Defeat Expected to Call Forth Message from Blaine

MADISON, Wis.—The three big appropriation bills of the session were on their way to the governor's office for consideration Wednesday. These measures will reach Governor Blaine before the latter part of the week. They carry an aggregate appropriation of approximately \$21,000,000.

Both university and normal school appropriation bills passed the assembly on Tuesday and go to the governor in the form recommended by finance committee. The university appropriation bill carries \$7,078,205 for the first year of the biennium and \$5,125,220 for the second year of the biennium. The normal school appropriation bill carries \$1,814,990.11 for the first year of the biennium and \$1,928,565 for the second year of the biennium. The educational bills went through the senate first and were concurred in by the assembly on Tuesday. They were to be reported back to the house from committee on Wednesday. The Wednesday afternoon and are expected to be on desk of Governor Blaine for consideration before the end of the week.

The board of control bill went to assembly first and has just been concurred in by the senate. This measure carries an appropriation of \$5,063,112 for the first year of the biennium and \$5,052,405 for the second year of the biennium.

It is generally conceded here that the board of control bill which carries appropriation for the support of charitable and penal institutions of the state will be signed by Governor Blaine as soon as the measure reaches him. It is said that the higher educational bills will be held by Governor Blaine until he can complete his financial survey to ascertain whether there is sufficient money in the treasury to meet the appropriations.

Should the first bill be killed when considered Wednesday by the assembly, a message from the governor is expected to be sent in at once, calling for some provision, preferably a surtax, to meet the federal aid of \$1,700,000.

and to make up the \$885,000 which will have to be raised to replenish the general fund.

Some members would not be surprised if both the university and normal school bills were vetoed on the ground that no provision had been made with which to raise money for financing them. Governor Blaine has taken the position that it is first necessary to know how much money there is to spend before spending it.

# SHORT SKIRTS ARE A BLESSING SAYS OLDEST U. W. GRAD

Bishop Fallows Tells Alumni  
World is Becoming Better  
Place to Live in

MADISON, Wis.—The short skirt is a blessing to emancipated women who are only beginning to enjoy fully the world which continues to grow better, Bishop Samuel Fallows, only living member of the class of '62, first University of Wisconsin graduating class, told alumni gathered here for their reunion Tuesday.

"Women are not growing less moral," he declared. "Their appearance in short skirts is not an indication of a lowering standard. It is a blessing. The world is becoming a better place for all of us to live in."

The bishop, although well past eighty is a close follower of university affairs. He has not been absent from a reunion in years, and is regarded as a necessary part of the commencement program for each graduating class.

Essential oil of lemons is extracted from the minute cells which are visible on the rind of the lemon by submitting raspings of the fruit to pressure in hair saps. It may also be obtained by distilling the peel with water, but its flavor, when obtained in this way, is less agreeable, although the oil itself is purer owing to the absence of undissolved matter.

These exercises preceding the granting of diplomas came after the commencement procession, which wended its way from the bottom of University hill past Bascom Hall, out over Observatory hall, had reached the pavilion. The procession was led by the president, regents, Governor Blaine and the faculty.

Comparison with recent years shows 1,153 graduates this June, 969 last June, and 606 in 1919. The 1,497 degrees for the entire year is to be compared with 1,070 last year and the previous high total of 1,105 in 1916-17.

Of the 1,497 degrees, diplomas and certificates granted on Wednesday and during the year, 1,153 were bachelor or other first degrees, 187

## LA CROSSE HUMBLER WEST SALEM 11 TO 0 IN TWILIGHT GAME

Shultz Has Fourteen Strikeouts and Allows But Three Scattered Hits

## VISITING TEAM FAILS TO REACH THIRD BASE

Sorenson is Hit Freely by Local Batsmen

Wielding the stick at opportune times and coupled with costly errors on the part of the visitors, the La Crosse baseball club in a good exhibition of ball humbled the West Salem aggregation at Capeland park Tuesday night by a score of 11 to 0.

Shultz, normal school student and hurler for the Vincennes nine in the Western Wisconsin league, held the visitors in check at all times and was never in danger of allowing a score. His support was effective throughout the game.

Holding the Salem men to three scattered hits, Shultz was credited with fourteen strikeouts without passing one batter. At no time during the contest did the visitors threaten to score, second base being the limit allowed them on the sacks.

Sorenson, on the mound for West Salem, allowed the locals eleven hits and passed two men. He was credited with eight strikeouts. He was hit at opportune times.

**Score in First**

La Crosse started the scoring in the initial frame as a result of two singles, a double and a triple. Bromley reached first on an error at third but was caught at second on Kubit's bunt down the third base line. Mills followed with a double, bringing Kubit to the plate. Johnson's error at first resulted in Satek reaching first safely. Coming in for a timely triple, Safford was responsible for two additional scores, driving in Mills and Satek. His drive landed on the turf back of the scoreboard in right field. Palk singled for the fourth safety of the inning, scoring Safford.

With one out in the second inning, Bromley reached first base on an error at third. Kubit was fielded out at first as Bromley advanced to second. Mills drove in the score of the inning with a single. Satek struck out ending the inning.

**Six in 7th and 8th**

During the succeeding four innings, both sides were retired in fast order. The locals, however, broke through the defense in the seventh and eighth frames for three scores in each. Kubit led off with a single in the seventh. Mills whiffed and after stealing second, Kubit scored on Satek's single. Satek went to second on the attempt to throw Kubit out at home. Safford grounded out to third. Palk advanced to second after receiving a walk, and the Cubs together with Satek, scored on Weiss's single.

Shultz led off with a double in the eighth, the left fielder missing a hard chance. Bromley reached first on a grounder which Seewanes returned in bad shape to first. Kubit singled filling the bases. Shultz and Bromley scored on Mills' single. Safford and Palk walked, forcing in the last tally. West Salem.....000 000 000—0

## INSIDER SAYS

Boston fans are beginning to take notice of Fred Mitchell's Braves. However, they haven't claimed the pennant yet.

Empiring is becoming simpler. When a ball is hit all the ump's have to do is wait until the runner circles the bases.

Pitchers who admit that the ball is lively have probably been in there when Babe Ruth was exercising his wrists.

Unconscious sparring partners find it difficult to hit Dempsey owing to their position on the floor.

Little Danny Daneroff swung a very vicious wagon tongue the afternoon he hit everything in the alphabet.

The accident to Carpentier's trousers proves he was never a doughboy. Doughboys can slit through barbed wire entanglements without cutting a stitch.

A sock in the chin is the same in any language, according to Dempsey.

**LEFT EARFUL**

It's tough to be a heavy champ. You have to rise each morn at six and go to bed at night.

**RIGHT EARFUL**

## GROH'S SALARY DWINDLES

HEINIE GROH

CINCINNATI.—Cost of being the "champion" holder of big league baseball this season has proven costly to Heinie Groh, the Reds' star third baseman.

Up to the time he signed his contract, June 2, he had just \$3,080.80, and his salary which is to be at his old rate of \$10,000 per year, does not start until he is reinstated by Judge Kenesaw Landis.

Groh's contract calls for \$1,765.02 per month. On this basis his \$10,000 salary has been dwindling at the rate of \$104.02 per week or \$27.50 per day.

Groh signed his contract in order to stop this loss of money to himself and to get something out of the wreckage of his hobby.

## CHICAGO CUBS SPLIT DOUBLE WITH CARDS

Opener Goes to St. Louis and Aftermath to Bruins, 17 to 5 and 6 to 3

## BRAVES SLAM WAY TO WIN OVER GIANTS, 16-5

Fast Fielding Wins for Dodgers Tuesday, 4 to 2

ST. LOUIS, Mo.—St. Louis and Chicago broke even in a double header here on Tuesday. St. Louis taking the first game, 17 to 5, and the Cubs the second 6 to 3. The Cardinals won the first game by hitting Martin and Freeman hard and by taking advantage of the wildness of the Chicago pitchers, eight Cardinals, who were given bases on balls, scoring. In the second game Alexander's pitching maintained a lead which Chicago had gained through St. Louis' errors in the first and second innings. Scores:

First game—  
Chicago.....220 001 010—6  
St. Louis.....000 000 210—5

Batteries: Alexander and O'Farrell; Sheldel, Goodwin, North and Lillhofer, Clemens.

Second game—  
Chicago.....002 210 000—5  
St. Louis.....103 337 000—17

Batteries: Freeman, Martin and Killefer; Goodwin, Portien and Clemens.

Braves, 16; Giants, 5

NEW YORK.—The Boston Nationals defeated New York, 16 to 5, on Tuesday in their first victory of the season on the Polo grounds. The Braves hit Benton, Barnes and Nehf with equal vigor and were greatly aided by Monroe's errors. Nicholson hit a home run, four singles and a sacrifice in six times up. In the seventh inning Nicholson and Boeckel, successive batsmen, hit home runs off Nehf. Score:

Boston.....230 017 410—16  
New York.....100 000 001—5

McQuinn and Gowdy; Benton, Barnes and Smith.

Dodgers, 4; Phils, 2

BROOKLYN, N. Y.—Judge K. M. Landis participated in the raising of the 1920 National league pennant on Tuesday, after which the Brooklyn champions defeated Philadelphia, 4 to 2. Philadelphia outbatted Brooklyn but fast fielding cut off many runs. There were no extra base hits or base on balls. Score:

Philadelphia.....100 010 000—2  
Brooklyn.....000 201 010—4

Batteries: Hubbel and Druggie; Grimes and Miller.

## SIXTEEN PLAYERS QUALIFY FOR TITLE GOLF EVENTS TODAY

CHICAGO, Ill.—Sixteen players from seven colleges have qualified for the individual title events in the Western Intercollegiate golf championship at Indian Hill club Wednesday. Two rounds of match play at eighteen holes are scheduled. Double four-man team yesterday won the thirty-four hole medal with a total of 684. Today's pairings include:

Le Bonquet, Illinois vs. Rock, Wisconsin.  
Farbo, Northwestern vs. Douglas, Wisconsin.

There is still more money in baseball than pool, according to Heinie Groh.

## CHOICE OF THIRD MAN SATISFACTORY TO JACK DEMPSEY

Has Confidence in Kearns Regarding Decision on Referee for Title Bout

## DEMPSEY CONCERNED OVER DIVORCE CASE

"Dempsey is no Home-wrecker", Says His Attorney

ATLANTIC CITY, N. J.—Selection of Harry Erle as referee of the world's heavyweight contest between Jack Dempsey and Georges Carpentier at Jersey City July 2 is entirely satisfactory to Dempsey.

The champion expressed this opinion when advised that Joseph Cassidy, secretary of the New Jersey boxing commission, would officially announce the selection of Erle before night. Dempsey said he had full confidence in any decision that Kearns made in regard to the choice of the third man in the ring.

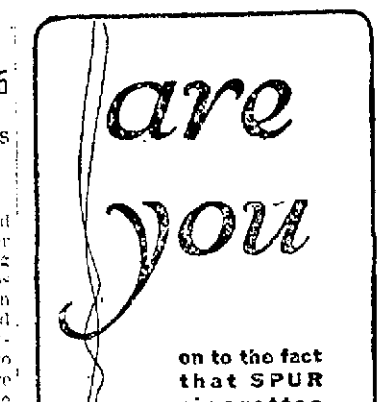

"I can truthfully say this: I honestly do not care who is there to referee. That's up to Kearns. It wouldn't make any difference to me if Dempsey were referee. I think Carpentier feels the same way about it as I do."

## Named in Divorce Case

Dempsey is more concerned over the report that he has been named as co-defendant in a divorce case at Pawhuska, Okla., than he is over the referee controversy. Today he instructed his attorney, Ray J. Cannon of Milwaukee to investigate and start suit for libel if necessary against F. R. Boulanger, who in his petition for a divorce named Dempsey.

"Dempsey is no home-wrecker and this thing has upset him," Cannon said. "He doesn't even know anybody in Pawhuska and never has written to anybody there."

There will be some real glove fighting at Dempsey's camp from now on until the end of the training. The champion gave indications of this yesterday when he knocked out Larry Williams, who heretofore has managed to assimilate all the champion's punches. Dempsey tore into Williams savagely, flooring him in the first minute of their workout. Then after Williams had apparently recovered from the effects of the knock-down Dempsey knocked him out.

## GEORGES ADMITS UNIFORMED MEN TO TRAINING CAMP

Many Visit Camp of Challenger During the Past Two Weeks

MANHASSET, N. Y.—Former soldiers of the world war apparently have not forgotten the slogan "Your uniform is your pass" which during the conflict was adopted for them in many places of amusement throughout the country. The man attired in his old time fighting duds never fails to gain admission to the camp of Georges Carpentier.

Manager Descamps has been prompted to inquire whether the American expeditionary forces have been demobilized or not. He declared enough men in uniform to form army corps have called to see the challenger in action during the last two weeks. Georges started out by presenting each of his former fighting companions an autographed photograph, but the demand soon exceeded the supply and now they must be content with the ever ready smile and handshake and a "Hello, Buddy."

**Which one of your neighbors gets the best mileage out of his tires?**

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a quality standard tire.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight quality tire facts—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are fresh, live tires. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of quality first every time
